

RENT READY

SAFETY AND MAINTENANCE CERTIFICATION

The Rent Ready certification training course is a clear and concise program that assures your team members have demonstrated the understanding and importance of Ready to Rent tags and how to use them in your operation.

FOUR AREAS OF CERTIFICATION

01 PURPOSE

Section # 1 will deliver a clear understanding on why RTR tags are critical to the success of the rental store.

Communication

Extension of Rental Agreement

Safety / Loss Prevention

Equipment maintenance

02 PARTS OF THE TAG

Section # 2 will deliver an in-depth explanation of the 3-parts of the RTR tag.

Green – Ready To Rent

Red – DO NOT Rent

Yellow – Check in

03 OPERATIONAL FLOW

Section # 3 will deliver an explanation of how the RTR tag & equipment flow through the rental yard & how each part of the tag is utilized.

○ “Check In” process

○ “Check Out” process

○ **Communication** with maintenance department

04 AGREEMENT

Section # 4 will include a written & signed agreement that details the role and responsibilities as it relates to the daily use of the RTR tags.

Written & signed agreement between company & employee

Specifies

- Onsite Rent Ready lead person
- Where RTR tags are stored
- Employee expectation & responsibilities defined
