This equipment has been cleaned, serviced and checked for safe and proper operation before leaving our shop.

Inspected By: _____ Date/Time: _____

I am responsible for routine service, including checking all fluid and oil levels, and cleaning while the equipment is in my possession. I have received instructions on the correct operation of the equipment and have been directed to the operator's manual and/or safety sheet to enable the equipment to be used in a safe and proper manner without risk to injury.
